

Good news for all founders: We are proud to announce the launch of [LegalStrasse!](#)

Streiff Law and The Family teamed up to make a difference in the German startup community: on [LegalStrasse.com](#) we are providing free templates for all the legal documents a startup needs! We help you to fill out the templates with comments in English and an elaborate [video guide](#). You can find the slides to the presentation [here](#).

The screenshot shows a document editor interface. The document title is "LegalStrasseArticlesofAssociation.docx" and it was last edited on April 27. The main content is a German "Articles of association" template. The title "Articles of association" is in pink. Below it, the text reads "Gesellschaftsvertrag der ... GmbH/UG (haftungsbeschränkt)". Section 1 is titled "§ 1 Firma, Sitz und Beginn der Gesellschaft". The first point states: "1.1. Die Firma der Gesellschaft lautet: ... GmbH/UG (haftungsbeschränkt)". The second point states: "1.2. Der Sitz der Gesellschaft ist Berlin." The third point states: "1.3. Die Gesellschaft beginnt mit ihrer Eintragung in das Handelsregister." On the right side, there is a "Kommentare (1)" sidebar with a search bar and a list of comments. The comments are numbered 1 through 5, each with a "In Datei anzeigen" (Show in file) button and an "Ändere Version" (Change version) button. Comment 1 is about the company name and IHK registration. Comment 2 is about the company type (GmbH vs UG). Comment 4 is about share capital and shares. Comment 5 is about the shareholder's name and city.

Realising how many startups fail due to lack of legal knowledge and infrastructure TheFamily and Streiff Law decided to fill this gap and give out the legal insights and contracts for free. We want to help startups to avoid these mistakes and grow bootstrapping as long as possible.

[The Family](#) is an international early stage investor with ~500 company investments and recently launched its Berlin office.
